 - Here are sample posts you can copy, personalize and paste into your feed!

.@CAGovernor will you include the Health Equity and Racial Justice Fund in your final #CABudget? Or will you continue to ignore the calls by #CALeg and over 200+ organizations on the need to address these critical issues facing our most vulnerable communities?

.@CAGovernor do you stand with communities of color, low-income communities, and LGBTQ+ communities to support community-led projects to overcome health inequities and the impacts of systemic racism? Enact the Health Equity and Racial Justice Fund!

Thank you #CALeg for including the Health Equity and Racial Justice Fund in your #CABudget!

Thank you @Rendon63rd, @SenToniAtkins, @PhilTing, and @NancySkinnerCA for prioritizing this innovative, historic fund.

@CAGovernor are you with us?

.@CAGovernor you trusted CBOs with vaccinations and more during the pandemic. Do you trust them to know their communities best and address Health Equity and Racial Justice in a culturally and linguistically appropriate way? Include the Fund in the #CABudget!

Systemic change comes with breaking the status quo. @CAGovernor will you include the innovative and historic Health Equity and Racial Justice Fund in your #CABudget and lead California and the nation in grassroots, community led solutions to our most pressing issues?

Non Lobbying Posts

Community based organizations, clinics, and tribal organizations know their communities best! They are closest to both the challenges and solutions to advance health equity and close disparities and to advance racial justice.

Even before the pandemic, CBOs were stepping up to help neighbors access housing, health, food, restorative justice, and more services. Does the @CAGovernor trust us to do more and to help our communities in language and in a culturally responsive way?

#CALeg, thank you for acknowledging and investing in the role of community based organizations, clinics, and tribal organizations in advancing health equity and racial justice! Our organization focuses on helping our neighbors access what they need to thrive!
